Write down how you feel about terror

When you heard about the bomb at the Ariana Grande concert or the attacks in London, how did it make you feel?

How do you feel towards the people who do these evil things?

Do you feel safe?

How can we respond to things like this, as Christians?

What answers do we have for other people?

How can we support people, our emergency services and others?

What difference can we make as Christians, compared to other people who are not?

How do we show God's kind of love?

Pray

Take some time to pray now. This is so powerful and is about asking God to step in to help.

If you're not sure how to pray, take these things below and personalise them. So for example, say, "God I ask you to protect the UK from terrorism. God I ask that you would stop their plans for evil. Amen."

- Ask God to protect our nation(s) against the terrorists. Ask him to stop their plans.

- Ask God to change the hearts of terrorists so that they stop evil and turn to God.

- Pray for our emergency services and thank God for them.

- Pray for the security services to have with wisdom and to uncover terror plots.

- Pray for the families who have lost people. Pray then would know God's peace, would forgive and turn to God and put their trust in him.

- Pray for those injured - that they would be healed, that they would not be bitter and would turn to God.

- Pray that there would be peace and unity in our nation(s) and that the terrorists wouldn't cause division or other acts of hatred or violence.

- Pray for God's Kingdom to come, God's will to be done on earth as it is in heaven.

- Pray for anything else that you feel you should pray for.
